Profile

I am a fourth year student at Western Oregon University who is passionate about sports and sharing his love with others. I am a native of Bothell, Washington, where I grew up, and moved to Oregon in Sep. of 2022 to pursue a degree in American Sign Language Interpreting before transitioning to a degree in Computer Science.

I have worked in many different areas of sports during my schooling, including at a range of competition levels from high school to the pros. My proudest moment working in sports is being selected to be on staff for the NCAA Women's Basketball D-I Elite Eight Tournament in Portland, Ore., in April of 2024.
